NEWS OF THE WEEK.

IMPORTANT EVENTS IN FEW WORDS FOR BUSY READERS.

Record of the Day's Happenings Carefully Compiled and Put into Handy Shape for the Readers of Our Paper.

The price of coal has been further advanced in England.

There is a prospect of peace being restored to the Argentine republic.

Dr. D. S. Rupert, of St. Mary's, is dead. He was a well-known man.

Beal, Waterworth, one of the best known residents of Middlesex county, is dead.

Cholera of a violent type is rapidly spreading in the Government of Kolo.

Mrs. Wm. Glendenning, one of the earliest settlers at Woodstock, is dead, aged 74.

The Rev. Benjamin Jowett, one of the foremost classical scholars of Great Britain, is dead.

Last month the deposits exceeded the withdrawals in the Dominion savings bank by \$14,022.90.

Montreal business men are petitioning the government to lessen the burden of taxation on real estate.

Pressure is still being brought to bear on Mr. Gardiner to have him relinquish the embargo on Canadian cattle.

Geol. Conlin, a farmer of Montague township, Ont., was killed by being struck by a train as he was crossing a railway track.

John McGuire, of Orangeville, while attempting to board a train at Shelburne, Ont., fell under the wheels and had both legs taken off.

William Johnson, telegraph operator at Maberly, a small station on the C. P. R. near Perth, was killed on the track a few days ago.

C. J. Howell, clerk of customs at Toronto, was damaged by fire recently. Loss \$2,000. The place was crowded, but there was no casualty.

The steamer "Bannockburn" made the trip from Port Arthur to Kingston in four and a half days. She had 61,500 bushels of wheat on board.

James Huddart, proprietor of the new, Australian steamship line, is in London, trying to work up a government subsidy to his line. He expects to succeed.

Ethel Bulver, an eighteen-year-old girl of Windsor, Ont., was attacked by a strange man and cruelly beaten recently. No motive is assigned unless attempted rape.

There are 100,000 unemployed persons in the city of Chicago. When the great fair closes at the end of October, thousands more will be thrown out of employment.

The Very Rev. Archdeacon Peter M. Bardon, D. D., parish priest at Cayuga for the past twelve years and previously for a similar period at Brantford, is dead.

Thomas Fairgould, an employee of Bigley's store, 107 Queen street, Toronto, was killed by the elevator suddenly starting and crushing his skull between the floor and wall of the hoist.

Considerable interest is felt in Toronto over the case of Thomas H. Horne, who insured his life for \$10,000 a couple of weeks ago and who died lately under circumstances which point to poison.

The floor of Mr. Bow's house at Repau, Wis., collapsed while funeral services were being held over his wife. One hundred people were precipitated into the cellar and one woman fatally injured.

A dispatch from Naples says that cholera appeared among the machines of the Italian oceanic fleet at Genoa and Italy, anchored in harbor there, and that both vessels sailed for Asmara to be disinfected.

The city assessment figures of Toronto for this year show the total of the taxation at a million and a half dollars and a decrease in the population of 2,317 as compared with last year's figures.

Three fresh cases of cholera and one death were reported in Hamburg during the twenty-four hours ended yesterday. No fresh cases have developed in the suburbs. Since Sept. 15 there have been 119 cases and 63 deaths. The epidemic is losing ground rapidly.

The McCormick Implement works must establish in Canada this year or forfeit their charter in the Dominion. Hiram Walker offers a free site, exemption from taxation, for ten years, reduced railroad rates, etc. Walker's offer is the highest out of fifty-four towns which were bidding, Stratford being next.

Robert McGreevy still remains in jail and is likely to do so until the 14th of November, when the trial of Thomas McGreevy and Nicholas Connolly begins before Judge Rose. Robert is only wanted as a witness, but he has proved so difficult to catch that the judge ordered him to be detained unless he furnished \$2,000 bail. This he has, so far, been unable to do.

Calverley, the Canadian high wire walker who was there to fill an engagement during the fair, met with a serious accident at the fair grounds, Trenton, N. J. He was about to start out upon the wire when he fell from the high stand to the ground, a distance of over sixty feet, and had both arms broken by

slides being hurt internally. Calverley was removed to a hospital.

Alex. Ross, for many years prominent dry goods merchant, of Lindsay, is dead.

While exercising a horse near Williamstown, Ont., Wm. Crawford fell under the animal and had his brains trampled out.

James Hamay, aged 76, committed suicide at Brockville, by hanging. He had not lived amicably with his family of late.

The traffic receipts of the C. P. R. for the week ending Sept. 30, were \$405,000. For the same week last year were \$390,000.

Rev. Mr. Sirrell, of Shillingsville, who has just returned from England, where he has been recuperating his health, died suddenly at Kingston.

General Sir Evelyn Wood has been gazetted as quartermaster-general of the forces to succeed General Sir R. Biddulph, who has been appointed governor of Gibraltar.

THE TURKS STIRRED UP.

Perpetration of an Outrage to be Punished.

Prompt action on the part of the United States government has compelled the Turkish authorities to adopt radical measures to avenge the outrage perpetrated upon Miss Anna Melton, an American missionary of the Presbyterian board in Mosul, who was attacked on the night of June 14th last, while stopping in a little village in the Kurdish mountains, near Amadea. The latest phase of the matter shows that the Grand Vizier in Constantinople has ordered the removal of the governor of Mosul, because that official did not act with sufficient promptness in bringing the offenders to justice. After repeated demands by the government of the United States, several Amadeans are under arrest, charged with the crime, but their trial, for some reason, has been postponed from time to time.

After repeated demands by the government of the United States, several Amadeans are under arrest, charged with the crime, but their trial, for some reason, has been postponed from time to time.

Concerning the matter the department of state thus writes to the Rev. John Gillespie, secretary of the board, announcing the most recent developments in the case. Through assistant secretary of state, Adee: "According to a dispatch by telegraph, of the 23rd inst., from our minister in Constantinople, a telegram has been received from Mosul indicating that by reason of unnecessary delay in the trial of those accused of the attack on Miss Melton, the governor has been removed. It is stated that the Grand Vizier sends a new governor, duly instructed to punish the guilty. The journey to Mosul, it is added, requires twenty days."

A STIR IN CHURCH CIRCLES.

Caused by the Imposition of the Chinese Poll Tax on Mrs. McKay.

The imposition of a poll tax on Mrs. McKay, the Chinese wife of Rev. Dr. McKay, the missionary, has caused quite a stir in religious circles. Because of her marriage Mrs. McKay is now a British subject. Church men do not like to see a Chinese subject, and they are not in favor of the tax being levied. The tax is said to have no discretion in the matter. Principal Grant, of Queen's College, said a few days ago: "Of course, the law that discriminates against the people of China is seen in its worst light when it operates against a British subject, a lady and a Christian, but it is the law. It is opposed to our interests and to the principles of our treaties with China, as well as to international comity and civilization."

Rev. J. Mackie, pastor of St. Andrew's church, Kingston, said in substance that the tax should be repealed. "The gates are open to all countries and to all creeds but the Chinese. The Jesuits are large property holders in Canada. It would be easier to Christianize the pagan if they were allowed free entry where he might compare Christianity with other religions. The church cannot approve of such a law but will work for its repeal."

In a speech at Southampton, Sir John Thompson said he thought there was a probability of the franchise being extended to women on the same property qualification as the men, although, not perhaps immediately. Thompson also said his government would introduce a prohibitory measure if the royal commission now sitting reported in favor of that policy.

THE LADIES MAY VOTE.

It is intimated that Female Property Holders May Become Dominion Voters.

The Dominion ministers have been on a touring expedition in Ontario, and have addressed large gatherings.

In a speech at Southampton, Sir John Thompson said he thought there was a probability of the franchise being extended to women on the same property qualification as the men, although, not perhaps immediately. Thompson also said his government would introduce a prohibitory measure if the royal commission now sitting reported in favor of that policy.

FORTY MINERS ENTOMBED.

A heavy fall of ground occurred at the Mansfield mine, near Crystal Falls, Mich., entombing forty men with but little or no chance to escape. The latest information from the scene states that an accident occurred during the night and the water of the Michigan mine river came rushing into the mine the men at work were entombed like a lot of rats. Most of the victims were Cornishmen and nine-tenths of them are men with large families.

Forty men were in the mine. Of this number 23 were drowned and only three saved. The cave in is one hundred and fifty feet in diameter and the mine filled with water to the river level.

WESTERN WORLD.

MANITOBA MATTERS-NORTHWEST.

NUGGETS-COLUMBIA CRUMBS.

Collected Carefully-Given Graciously.

Mr. H. G. Hill has resigned his position of secretary of the Winnipeg Y. M. C. A.

Norwood bridge at Winnipeg is expected to be completed on the 13th and open for traffic thereafter.

It is rumored that A. W. Ross, M. P., will be appointed Indian commissioner in place of Hayter Reed.

Mayor Dagg, of Belkirk, expresses confidence that the electric railway to that town will be running next year.

Mr. M. St. John has assumed charge of the "Winnipeg Free Press." Mr. Johnston's friends are moving in the direction of starting a new paper.

Calgary people are expecting to ride in electric cars next spring. A company is being organized and arrangements perfected for the enterprise.

Mr. Chas. Lawler, of the Winnipeg Tribune, was recently married at St. Paul to Miss Grace Melish, daughter of Edward Melish, Esq., of Chatham, Ont.

Rev. S. Sharpe, Methodist minister of Morris, has resigned his charge. He intends leaving Methodism with the intention of joining the Presbyterian church in the United States.

Mr. Wm. Chambers, of Dresden, aged 104 years who is at present visiting the Northwest, is to take in the World's Fair before returning home. He fought in the battle of Waterloo.

The body of an unknown man was found by an Indian on Flatland Island near Port Arthur recently. The body was entirely naked and had evidently been on the beach a long time.

The department of the Interior have refused to pay the Port Arthur millage account. They claim that the man afflicted was not an immigrant and that therefore the town has no claim upon the department.

An interesting feature of the Soo line service is the order of the cars. The sleeping car is placed next to the engine, followed by the tourist sleeper, the baggage car, first-class cars and baggage.

Rev. Ralph Duff, B. A., L. B., of Toronto university, came to this city to fill the pastorate of the First Congregational church in Yukon.

Rev. J. W. Pedley, nine or ten months hence.

Commissioner Herchmer, of the N. W. M. P., has returned from visiting the quarantine post at Greta. The post will be up and up all winter but only two members of the force are there. Each has about eight or ten cattle to look after.

A man named Brown, who was supposed to have been murdered near Nanaimo nine years ago, was recently heard from in Oregon, where he is in good health. His wife, however, has been dead for some time and now lives in the Northwest.

Mr. Margach says that he has received instructions to remove all black bass from Bass Lake to take away the temptation of the lake and to prevent the spread of the disease which is now being propagated in the waters flowing into the Lake of the Woods.

A Regina correspondent writing to the Vancouver World, says: "Jim Ross, the most popular man in the Territories, will oppose the only and original Nicholas Flood Davis at the coming election and as he is a people who do say that they are people by a large majority."

The Calgary Tribune throws down the gauntlet to Edward Holmes, the tramp journalist, and says it can prove by ride-on both parties hand-car. The Vancouver World has had unadulterated evidence in its possession to the same effect.

The salary of the Lieutenant-Governor of the Regina is \$7,000 a year. The Regina Leader says: "No man can, on \$7,000 a year, give good dinners and parties except on a diet of starvation."

All expected from the lieutenant-governor who seems destined to follow Governor Ross.

Mr. Calverley, who had charge of the Port Arthur electric railway, met with a painful accident at Falcon. He was lifting a loaded gun out of a boat when by some means it was discharged, the shot entering the fleshy part of the right arm, above the elbow, inflicting a bad wound. It is not thought he will lose his arm.

A sad shooting accident occurred north of Regina lately, by which John Duggan, a boy 16 years old, lost his life. He was leaving D. A. Jones' farm, where he had been assisting at a threshing, and as the gun was being handed to him, muzzle foremost, it was discharged, the shot entering the fleshy part of the right arm, above the elbow, inflicting a bad wound. It is not thought he will lose his arm.

Mr. A. C. Patterson, manager and editor of the Progress, has been sent to the Northwest by the government. Mr. Patterson is an old resident of Quappelle, having settled there in 1870. He is a prominent man in the Northwest and is a prominent conservative and last year was first vice-president of the Centre Conservative association

of East Assiniboia. He was elected to the M. P. of the Manitoba grand lodge for Assiniboia at its last meeting.

Arvilla academy, a boarding school for young ladies, at Arvilla, S. D., twenty-one miles west of Grand Forks was totally destroyed by fire with most of its contents.

The mayor of Regina recently visited the World's Fair and returned home via the "Soo" road. Living in connections not being very good between Regina and the terminus of that road he walked the remaining distance home.

A packing box manufactory has recently been established at Port Arthur, by W. Jordan, of Winnipeg. A lot of machinery suitable for the purpose was put into the basement of the Ontario and Western Lumber Co.'s planing mill, No. 1, about six weeks ago. Since that time three carloads of boxes in the knock down have been shipped to Winnipeg, and about 1,600 local sales of fish-boxes have been made.—Free Press.

The boiler of the threshing engine owned by Frank Morris, at Pembina, exploded a few days back. Several persons were standing near by, but no one was seriously injured. Mr. Morris' engine was coming in, the escaping steam and thrown some distance. Another man was struck by a piece of iron and Louis Morris knocked over by the force of the concussion, but fortunately no one was hurt badly.

A dastardly attempt to wreck a train was discovered last Saturday morning. Shortly after midnight Engineer Gagner was coming in from the east and was moving slowly as he had to place some cars on the gravel pit siding. Two ties had been placed on the track and the train was not moving fast as it was about to enter the siding. The ties to slide, a serious accident would have been the result. If the scam could be found who is guilty of such a crime he will be properly dealt with.—Moosejaw Times.

A TORONTO DEFAULTER.

John Lays, Q. C., Once Prominent, Skips Ont.

John Lays of Toronto, Queen's counsel and ex-member of the Ontario legislature fled from that city to escape the consequences of his embezzlement of trust funds in his charge. In hiding near the States.

Lays is sixty years of age and for many years occupied a high position at the Canadian bar, being looked upon as an eminent counsel. He was legal adviser to the Freehold Loan Association, which position earned a salary of \$6,500 a year. Lays had with him fees from other corporations, gave him an income of over \$10,000. He managed several rich estates and was a member of the Ontario bar during the boom of 1887-89, and he appeared to have embezzled every cent of trust fund in charge. His family estate, which represented \$150,000, has entirely disappeared and the Dick estate representing \$200,000, is also completely depleted. These amounts are supplemented by many others, bringing his defalcation, with his debts, to \$300,000 at least, and probably much more. Mr. Lays stated to a reporter that every cent of his fortune had been used in speculation and the speculation and he had drawn upon the trust funds in his possession to recover himself, but they too, were swallowed up in the same way. Lays was too old now, he said, to atone for his wrong-doings and restore his good name, and nothing was left him but to get away from Canada and hide himself.

BOUND BY IRON RAILS.

The Town of Port Arthur and Fort William Connected.

Port Arthur's Electric railway is now completed. It connects the three towns, Port Arthur, Fort William and West Port William, and is eight miles in length. Through trains are now running hourly from the C. P. R. station at Port Arthur, to the C. P. R. station at West Port William. The building of this railway is an interesting experiment in municipal enterprises. It was built, it is owned and will be operated by the town of Port Arthur. The town of Port Arthur, having the right to buy one half at any time within five years. It is expected that connecting the three towns in this way will be a formidable factor in uniting, consolidating and building upon the shores of Thunder Bay and the banks of the Kaministiquia one united city, which will undoubtedly be the metropolis of the Northwest, the Canadian, English and Superior—the Chicago of Canada's Northwest.

FROM THE SELKIRKS.

Progress of Work on the R. & A. L. Railway.

The clearing right of way for the Revelstoke and Arrowhead railway has been finished and grading begins at once. The outfit and implements are arriving by both boat and train. This opens a new chapter in the freight and passenger traffic down the lakes. Hitherto all work on the lake in winter has been suspended owing to the fact that Columbia is only navigable during the season of high water, viz summer, but when the R. & A. L. R. is completed the work will be carried on throughout the whole year. The Toronto Mail Tribune is the responsibility of James Bay and practicability of the Hudson's Bay R. R., but no one can raise a doubt about this scheme.

Dr. Wild to Enter Politics.

Dr. Wild, the well-known clergyman, it is said, is considering a request to enter politics in Hamilton as the McCarthyite candidate.

FIRE PROTECTION.
The recent conflagration should teach us that it is high time that something was done in the way of protection from fire. Were the wind blowing in the right direction on Monday evening, our town would have been at the mercy of the flames. It is a fact to be deplored that very few wells are sunk, and only one seemed available on the night in question, and in it the pump was not in the best working condition; and soon the supply gave out. Every householder should have a pump convenient to his house, from which water could be pumped in case of fire. There is no excuse for any man depending on his neighbor's well for a supply of water. A very few feet and all the water necessary can be obtained. Let our citizens see the this precaution at least is taken. But such precaution is not sufficient. If we stop at that, some day the fire may be driven through the business portion of our town, and then measures may be taken when the evil has been done. Hatter lock the door before the horse has been stolen. We would suggest that an engine and hose be bought and a fire brigade formed. Ways and means can surely be adopted for the paying for them. Better far that a few hundred dollars thus be expended than that thousands be lost through a conflagration. We would likewise suggest that wells be sunk in certain parts of the town, so that a supply could be obtained no matter where fire broke out. Had we an engine and water supply on Monday evening last, even after the various articles were taken out, the building could have been saved, and Mr. Phillips would not have been homeless just as the winter is coming on. We would likewise bring before our readers the necessity of cleaning their stove pipes regularly, as otherwise they must burn out, which places the building in great danger.

JOSLIN DISTRICT.
It will interest many of our readers to know that Mr. Thos. E. Bennett, of Cherokee, Iowa; and formerly of this district, has been successful in obtaining a verdict in his favor, in his suit against the Illinois Central R. R. for losses for which the company was to blame. The facts of the case are these: In December last, Thos. E. Bennett, engaged as fireman on the I. C. R. R. was sent out on a freight, the engine of which was running backwards, a flock of sheep had got on to the track through an opening in the fence, and the train ran into it. The train was wrecked. The engineer and the fireman seeing their danger both jumped, and the door of their cab having been blocked up, they had to jump through the window. The engineer escaped alright, but Tom, in jumping, broke his leg at the ankle. The physicians found it necessary to amputate just above the ankle. Not being able to make a satisfactory settlement with the company Mr. Bennett instituted a suit for damages, and on Saturday 30th ult. the jury brought in a verdict awarding the plaintiff \$8000 damages.

Mr. Mrs. Isaac Bennett are at present away on a visit to the World's Fair after having spent some time visiting their son Thos. E. in Cherokee, Iowa.
Threshing in this district is nearly completed. The average yield has turned out to be about 10 bushels per acre. This is rather a small crop, and at the present prices wheat raising is not so profitable.
School opens in this district on Monday 15th inst. The trustees have engaged Mr. Cummins, the holder of a First Class certificate to take charge of the school.
Mrs. T. W. Nichols left here last week for England. Mr. Nichols and two of the boys remain here for the present. Mr. Nichols is an artist of considerable reputation and took the first prize at the London show for portrait painting.

SUICIDE.
MR. T. FITZGERALD PUTS A BULLET THROUGH HIS BRAIN.
The people to the south of Fleming were horrified by the news that Thos. Fitzgerald had committed suicide on Friday morning. He had been in Fleming the previous day, and returned home late at night. Next morning he was remonstrated with for keeping late hours. He went into his bedroom, and soon the inmates of the house were startled by hearing a revolver shot. The ball took effect in the brain and death was instantaneous.

DESERVEDLY POPULAR.
Our readers have no doubt read with interest the despatches almost weekly appearing in this and other Canadian journals, regarding cures of a most startling nature, made by Dodd's Kidney Pills. These pills have proven themselves to be a certain cure for all diseases of the kidneys and blood, such as backache, rheumatism, Bright's disease, diabetes, dropsy, etc.
Enquiry amongst local druggists elicits the fact that they have a very large sale, and are an infallible cure for kidney disorders.
Dodd's Kidney Pills are manufactured by Dr. L. A. Smith & Co. Toronto, and are sold everywhere, or by mail on receipt of price, 50 cents a box, or 12 boxes for \$5.00.

BALL & CO.,

CHEMISTS.

Elkhorn, Man.

Jack, did you see the sweep?

Corporal Gray, N. W. M. P., was in town on Thursday.

A cow stable took a run up street on Wednesday evening.

Mr. J. A. Herington went to Carberry on Thursday morning's local.

Mr. W. T. B. Kennedy, of Virden, was in town on Monday last.

Miss Wilson left on Wednesday morning for Brandon to spend a few days.

Mr. W. C. VanNostrand has an elegant lot of fresh grapes just arrived from the east.

Mr. Stevenson, of Oak Lake, father of Rev. R. G. Stevenson, spent Friday last in town.

Mr. and Mrs. Geddes, of Port Hope, Ont. are visiting at Mr. O. Howard's, Lippent.

Mr. Geo. Frazer will pay the highest cash prices for dressed pork as usual this season.

Mr. Pizott, of St. Paul, arrived on Friday last, and is visiting relatives in this vicinity.

Mr. Drinon of Napines Ont., who has spending several weeks in Elkhorn left for the east last week.

The Assiniboine Valley is again to the fore. Mr. Alex. Stewart has just threshed 103 bushels of 25 acres.

The Rev. Mr. Fortune will preach a Thanksgiving sermon in the Presbyterian church on Sunday morning next.

Mr. Geo. Skilton has returned from Ireland, his many friends will be pleased to see him amongst them again.

Three calves were killed, and five injured, about four miles west of Elkhorn by the local express on Thursday morning.

Dr. Goulding, of Virden, was in town on Monday last. He proposes paying Elkhorn a professional visit every two weeks.

Joe Hess, the temperance lecturer and ex pugilist, died at Clarendon, N. Y., on Wednesday, Oct. 14th. Paralysis was the cause.

Mr. Geo. Arkell has purchased Mr. Parson's stable, and removed it to Richhill Avenue, where he intends using it up as a livery barn.

Snake thieves have commenced operations in Elkhorn. Some of the chicken roosts and wood piles have suffered in consequence.

Mr. Stevenson, who came to this country last spring, and rented a farm a few miles out of town, left on Tuesday for Ferry Sound, Ont.

Geo. Davidson, C. P. R. operator, left for Indian Head on Saturday morning last, to take a position in the station at that place. "Doc" will be missed here very much.

A Subscription Ball will be held at the Town Hall, Virden, next Friday evening, Oct. 20th, commencing at 8 p. m. A large assembly is anticipated, also an enjoyable evening.

Rev. J. S. Kimberley, B. A., of Deulish, will preach (D. V.) at Kola, Elkhorn, and Macgill on Sunday 15th. Rev. Mr. Stevenson will take his place at Arrow River, Parkland and Hunk.

Hayter had passed through on the express Thursday enroute to Ottawa to take his new position. All the children of the Indian Home here, were at the station to give the hon. gentleman a parting salute.

Mr. C. Trumbell has got in a stock of fruit, Grapes, apples pears, oranges, etc. Call around and get a supply. They are first-class. Mr. Trumbell purposes dealing in fruit and confectionery in connection with his bakery.

Last Saturday a young man who had been indulging somewhat too freely, proceeded to rearrange the inside of one of our livery stables, and considerable damage had to be called in to persuade him to give up his job. The affair was afterwards settled without the help of a J. P.

A. J. Wilson has purchased a set of band instruments for the Indian Home, and a brass band will be formed shortly. The instruments are an elegant set, entirely new, and we shall expect to hear lovely strains of music from that quarter soon, produced by the Indian boys.

Mr. Geo. Broadley has been placed in charge of the Presbyterian Missions at Parkland and Arrow River for the winter months. He leaves on Saturday. George will be much missed in Elkhorn, having always taken an active part in the moral welfare of our town. His friends here will be sorry to see him take his departure. We wish him success.

Harvest Home services were held in St. Mark's Church last Sunday. A very appropriate, helpful sermon by the pastor, was listened to by a large congregation. The church was handsomely decorated with grain, fruit, vegetables and grasses. The artistic effect was greatly enhanced by the addition of some very fine flowers. The east window presenting a particularly attractive appearance.

The R. T. of T. held a meeting on Monday evening, the first for some time, they purpose meeting every two weeks in future.

A large number of people from Elkhorn and vicinity attended the Agricultural Exhibition held at Virden on Thursday and Friday of last week.

The Elkhorn Lodge of the C. Order of Foresters formed in procession in front of their lodge rooms on Sunday last, and proceeded to the Presbyterian church, where the Rev. Mr. Fortune preached a very instructive sermon especially addressed to the order. A large congregation was present.

The entire grain exhibit in the agricultural building at the World's Fair has been ordered burned. The commissioners are appalled at the danger to wheat growers caused by the fact that it has been found to be infected with weevil, as thousands of samples of grain have been given away to visitors from all parts of the country.

We were sorry to hear that we were to lose our genial baker, Mr. Fleming. During his short stay in our town he made many friends, and established his reputation as a baker both of bread and pastry. He left for Virden Sunday on the flyer. Our best wishes accompany him, and we hope he may meet with as great success in the County town as he met in Elkhorn.

On Monday and Tuesday, October 22nd and 23rd, the Ladies' Aid of St. Mark's Church, will hold a bazaar. The programme reads as follows: Monday - Bazaar open from 10 a.m. to 7 p.m. Concert at 8 p.m. - Glee and vocal music - Soprano, Admission 25c. Men's 50c. Dinner 12 to 2; tea from 5 to 7. Tuesday - Bazaar open from 2 p.m. to 7. Tea 25c. from 5 to 7. On Tuesday evening at 8 p.m., Sara Lord Billey, the Boston elocutician, will give an entertainment. Admission 25c. The bazaar will fall to the ladies as this will be the entertainment of the season, when given by such a talented lady as Sara Lord Billey.

We boast of having one of the quietest towns along the line; possibly not without reason. This must be accounted for simply because the people as a whole are law-abiding. However, the quietness was disturbed quite recently. On Tuesday last about half past three, a great deal of profanity was indulged in by a rather pugnacious individual. The street in front of the Indian Home was the scene of the rowing and swearing. Such cases should be summarily dealt with, and the heaviest fine possible imposed. It was not a very elevating exhibition to the children at the Indian Home, and must have a baneful influence upon them when they hear such language. We would ask our constable to look after such cases and not allow rowdiness to be rampant on our streets.

The melancholy days have come, the days of leaden skies - of rain, wind, mud and mizzle - the days we all despair, the days of coughs and sneezes, of rheumatism and sore, when many prospect, pleasure, and living is a bore; when we feel like doing murder or something quite as rash; when the coal men boast the prices just to balance up their cash; when the song birds cease from singing and gruff Keewadin blow, and the earth from summer's heat, things wear a suit of under clothes. Now the parks are all deserted, there is winter in the air, a pleasant memory only is the summer bright and fair; no more upon the river, on the lawn or tennis court; do those precious little dandelions the summer's curls disport. The hammock is discarded, the boat is laid away, the garden gate is rusting on its hinges all the day, the nimble tennis racket is the hall hangs on the rack or, all tied up with ribbons, it serves as bric-a-brac. The whirling now stands forlorn, no more it is gaily whirling with its freight of happy urchins, and laughing, pretty girls, its merry strains - it little is heard no more - too, too, too - its gone away to, used to be with all its jolly crew - and too, too, no more do joyful thousands swing, swing, swing "round the loop." Ice cream is at a discount but the oyster is in vogue. - Saturday Nigh.

FIRE.

The fire tend visited our town on Monday evening, and Mr. Phillips' house fell in an easy fire. About twenty minutes to a week the building took fire, and the cry of fire! fire!! was heard, and the crowd gathered very quickly. Mostly everything inside the house was saved, but the building itself, it was seen from the first, must be a total loss. By precautions being taken the stable which is just to the south was saved, but had the wind been blowing from the north the greater part of the town must have been wiped out. We understand the building was well insured.

VIRDEN FAIR.

The County of Dennis Agricultural Exhibition was held at Virden on Thursday and Friday of last week. The weather, which for the past week was rather disagreeable, cleared off, and the sun smiled upon the large numbers who attended the Fair to see and be seen. Every person seemed to be happy, especially the young men who had taken their bat girls for an outing. The exhibits were not altogether what they might be in such a municipal fair. Some very fine animals were shown in the horse ring, and earning great credit upon their owners. The cattle though few, were of a high order, the Durham taking the lead in numbers and quality. The sheep were few in numbers, and as compared with the exhibits in the eastern provinces, seemed to be an inferior lot. In the hog department some fine exhibits were made, but why in such a large Municipality were there so few of them. Why do not our farmers secure better stock, and then exhibit it at the Fair. The agricultural exhibits were not what might be expected from the "Banner Wheat County of Manitoba." We are not criticizing the quality of the various kinds of grain shown, but the quantity. A very few bags held all the wheat and fewer held the oats. It should not be left for one man or two, or even three to exhibit the grains grown in our County, but all should take an interest, and if they have a good sample, exhibit it. A place in the prime list may be secured. No doubt the dry season accounts for the root exhibit being small, barring onions and potatoes.

In the latter the exhibit was larger, and the Irish lemons were a grand sample. One would not think the potato crop was a failure, and prices high, as he looked upon the display last Friday. Some of the carrots are also worthy of mention. We leave the ladies to judge of the exhibition in the hall. It was well filled with fine art, apparently of a high order, and attracted many of the ladies with their escorts. Some of the pictures are worthy of special notice. However, the majority of the people thronged around the grand stand, and on it, to see the doughty red coats cut off imaginary men's heads, and thrust others through. Tent pegging (so it was called by the onlookers) was likewise an order of the day. We saw one of the dragons "peeing down" a painted stick, and others mounted trying to peg it with their lances. It became rather monotonous, as very few were able to lift the peg and gracefully swing it round at the end of the dragon's neck. The exhibition was successful, but would be made much more so in the root and grain departments and also in the stock.
